

Student Confidence in Course Learning Objectives (Pre vs. Post)

Pre Post

Initial Value Problems

$\Delta\bar{x} = +1.6 (***)$

Boundary Value Problems

$\Delta\bar{x} = +1.7 (***)$

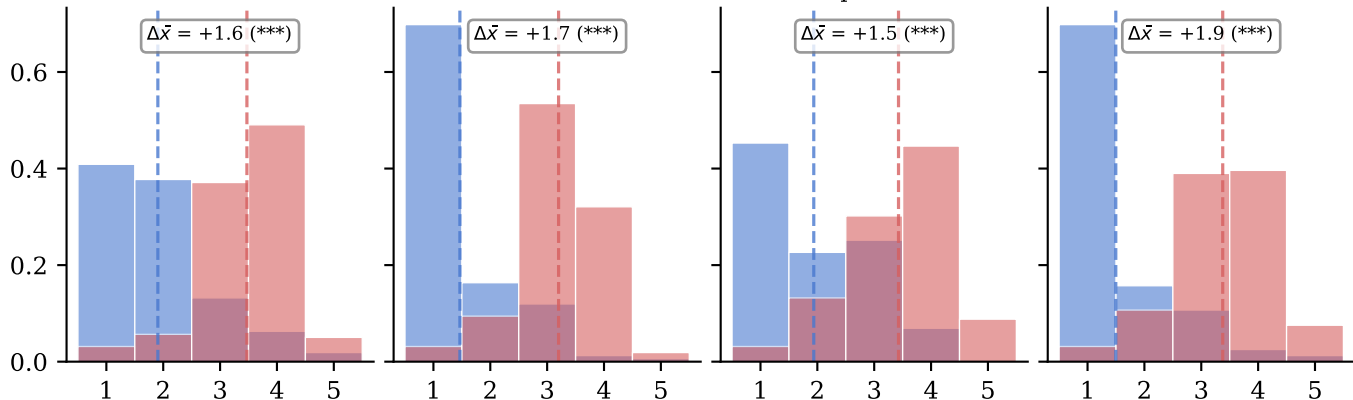

Partial Differential Equations

$\Delta\bar{x} = +1.5 (***)$

Numerical Method Selection

$\Delta\bar{x} = +1.9 (***)$

Density

Confidence Rating (1 = Not confident, 5 = Supremely confident)
